Payment systems

Payment by Visa and MasterCard bank cards is accepted. To pay for a product with a bank card, select the bank card payment method when placing your order. When paying by bank card, the payment is processed on the bank's authorization page, where you need to enter your card details:

If your card is enrolled in the 3D-Secure service, you will be automatically redirected to the page of the bank that issued your card to complete the authentication procedure. For information on additional identification rules and methods, please contact the bank that issued your card.
